### **B2Z Engineering**

B2Z Engineering has been in business since 2009 in Mission, TX, and has satellite offices in Houston, Texas. We are a multi-disciplined civil engineering consulting firm that has completed projects throughout the State. We assist our clients in meeting their project-specific goals, while at the same time providing them with exceptional service. B2Z Engineering has played a vital role in the design and construction of numerous private and public projects. We take pride in prioritizing attention to technical excellence, quality control, and responsiveness, no matter the size of the project. We provide our clients with the guidance needed to find the most practical and cost-effective solution for their civil engineering needs.

### **Summary**

B2Z Engineering is currently seeking an Engineer CAD Technician for our office in Mission, TX. The employee must establish and maintain effective communication and working relationships with coworkers. Complete learning objective identified for the field of study, attending training, maintain confidentiality, and stay abreast of advances in technology. The position requires knowing in CADD software (MicroStation preferred), minimum of five years experience in the industry (preferred), experience in transportation projects, data processing, and analysis coupled with administrative duties. The employee will be exposed to the latest technology and software in the industry, and will be able to train in other disciplines in the industry such as, but not limited to, drone operations for field photogrammetry and reconnaissance, laboratory testing services, traffic control devices design and installation, Geographical Information Systems, and much more.
