B2Z Engineering

B2Z Engineering has been in business since 2009 in Mission, TX and has satellite offices in Austin and Houston, Texas. We are a multi-disciplined civil engineering consulting firm who has completed projects throughout the State. We assist our clients in meeting their project specific goals, while at the same time providing them with exceptional service. B2Z Engineering has played a vital role in the design and construction of numerous private and public projects. We take pride in prioritizing attention to technical excellence, quality control and responsiveness no matter the size of the project. We provide our clients with the guidance needed to find the most practical and cost-effective solution for all their civil engineering needs.

At B2Z Engineering, we believe the growth of our company is based on a succession plan where each employee is mentored and trained to become a multi-subject matter expert through a culture of learning and enrichment of human experience, growth, and value. B2Z offers job rotation training in multiple disciplines as well as a mentorship program.

Summary

B2Z Engineering is currently seeking a Bridge Engineer in Training for our office in Houston, TX.

The ideal Bridge Engineer in Training (EIT) will:

- Be able to work in a highly flexible, team-oriented environment.
- Have exceptional communication, analysis, and documentation skills.
- Demonstrate time management skills.
- Complete work accurately and in accordance with good engineering codes and practice.
- Be energetic, self-directed, and success focused.

EEO Statement

B2Z Engineering, LLC supports a diverse workforce and is an Equal Opportunity Employer who does not discriminate against individuals on the basis of race, gender, color, religion, national origin, age, sexual orientation, gender identity, disability, veteran status or other classification protected by law.
