B2Z Engineering

B2Z Engineering has been in business since 2009 in Mission, TX, and has satellite offices in Austin and Houston, Texas. We are a multi-disciplined civil engineering consulting firm that has completed projects throughout the State. We assist our clients in meeting their project-specific goals, while at the same time providing them with exceptional service. B2Z Engineering has played a vital role in the design and construction of numerous private and public projects. We take pride in prioritizing attention to technical excellence, quality control, and responsiveness, no matter the size of the project. We provide our clients with the guidance needed to find the most practical and cost-effective solution for their civil engineering needs.

Summary

B2Z Engineering is currently seeking a Construction Inspector who is familiar with standard construction practices, methods, materials, and equipment. This role involves inspecting work to ensure compliance with regulatory standards as well as project specifications. You will also perform tests or gather test samples to verify the quality of materials being used for each project. Applicants should have a degree in engineering or construction management, or equivalent experience working on large commercial and residential construction projects. You should also have a valid driver's license, as your duties will require you to visit and evaluate various worksites.

Duties and Responsibilities

1. Inspect construction work to ensure compliance with building and roadway standards and project specifications
2. Review plans to identify potential violations
3. Review construction contracts and understand the contractor's scope of services and responsibilities

EEO Statement

B2Z Engineering, LLC supports a diverse workforce and is an Equal Opportunity Employer who does not discriminate against individuals on the basis of race, gender, color, religion, national origin, age, sexual orientation, gender identity, disability, veteran status or other classification protected by law. Drug Free Workplace. Females and minorities are encouraged to apply.

4. Document inspections and report any issues
5. Determine the quality of materials being used through testing
6. Work collaboratively with design engineer(s)/architect(s)/owner(s) during planning, design and construction phases of a project.
7. The ability to communicate effectively verbally and in writing.
8. The ability to maintain confidentiality.
9. The ability to listen and understand information verbally and in writing.
10. Ability to establish and maintain working relationships with Cooperative employees and members

Requirements and Qualifications

1. High school diploma or GED certificate
2. Bachelor's degree in engineering or construction management (preferred)
3. Residential or commercial construction experience
4. Valid driver's license and reliable transportation

Resumes and cover letters can be uploaded onto our website (www.b2zeng.com/careers), emailed directly to HR Manager, Ms. Ileana Treviño (Ileana@b2zeng.com).
